

To Help You Plan Your Party

Champagne:

1 case (12 fifths) serves 50 people (82 drinks). Our champagne Fountain will operate with as little as 3 bottles of champagne and as much as 5 gallons.

Liquor:

Plan on approximately 2 drinks per hour per person.

There are 28 drinks per quart of liquor. In order of preference:
Vodka - Scotch- Gin- Bourbon.

Punch.....One gallon of punch for 24 people
Cocktail Napkins.....2 to 3 per person for a 3 hour party
Coffee.....1 pound of coffee makes 60 cups
